

Purpose: Thrown when a student attempts to register for a course they are not eligible for or when registration rules are violated.

Purpose: Thrown when a student tries to register for more credits than allowed by their program limit.
Limits:

- Bachelor: 21 credits
- Master: 24 credits
- PhD: 18 credits

Purpose: Thrown when a non-researcher tries to join or lead a research project.
Who can research:

- PhD Students
- Professors (TEACHER_LVL.PROFESSOR)

Default message: "Only researchers can participate in research projects"

Purpose: Thrown when a scheduling conflict occurs (e.g., overlapping lessons, same room/time, teacher double-booking).

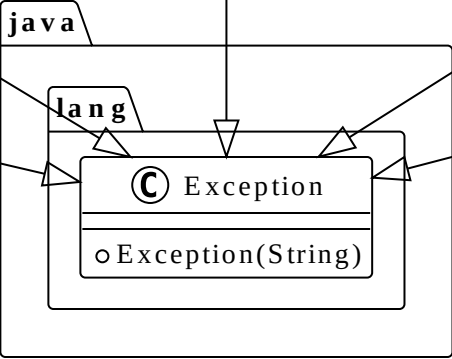

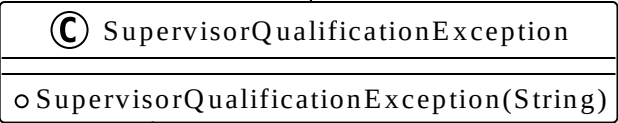

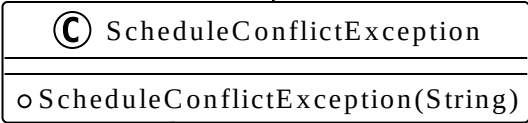

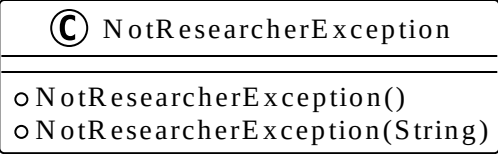

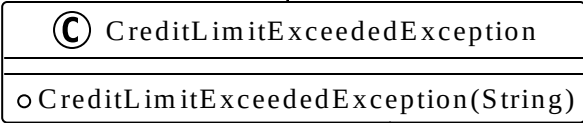

Purpose: Thrown when a supervisor (teacher/professor) does not meet the qualifications required to supervise a particular research or thesis.

Exception Hierarchy

All custom exceptions extend `java.lang.Exception` (checked exceptions)

- Used throughout the system for:
- Course registration validation
 - Credit limit enforcement
 - Research participation checks
 - Schedule conflict detection
 - Supervisor qualification validation
